FOR RELEASE
May 15, 2007

BERNVILLE, PA East Coast Erosion Blankets, LLC, a leading manufacturer of erosion control blankets, has completed large scale testing with GAI Accredited TRI/Environmental Laboratory in accordance with ASTM standards.

Today it's not enough to just have products that stabilize soil and prevent erosion. You need *proof* that your products are effective, reliable and safe. Unlike many manufacturers, that is what East Coast Erosion Blankets products provide.

Proven erosion-control products **plus** the test data to back them up. East Coast Erosion Blankets, LLC is committed to continuously manufacturing quality erosion control products and providing updated documentation as it becomes available. Visit www.erosionblankets.com for the most recent performance data, conformance lists and upgrades or call 1-800-582-4005.
